

JUKE BOXES

(Tariff "JB") Effective

from 1 January, 2016

1. SCOPE OF TARIFF

This tariff applies to the performance or communication to the public of musical works and sound recordings provided by means of audio "Juke Boxes" and similar coin operated machines for the playing of such music.

2. GENERAL CONDITIONS AND DEFINITIONS

- 2.1** This tariff applies only to performances or communication to the public of such musical works and sound recordings covered by a license from UPRS, obtained before the performances/communications commenced. Any performances/communications not so covered will be assessed at double this tariff. UPRS is not bound to offer a license under this tariff in respect of any performances/communications for which application was not made in advance.
- 2.2** This tariff applies to the performance/communication to the public of musical works and sound recordings at said premises as background music. There are specific types of performance/communication to the public that UPRS does not classify as background music and which are licensed under separate tariffs. Apart from these exceptions, all other types of performance/communication are classified as background music.
- 2.3** For clarity UPRS confirms that the total license fees due under this Tariff are arrived at by adding the individual charges for musical works and sound recordings together.
- 2.4** The LICENSE FEES are based on the number of "Juke Boxes" in use.
- 2.5** This TARIFF does not apply where dancing takes place or where a charge is made for admission to premises where music is played by means of these machines.

2.6 UPRS reserves the right to make such variations in this tariff as it considers appropriate when licensing premises or performances/communications which, in its opinion, do not fall within the scope of this tariff.
